FOR IMMEDIATE RELEASE

Bridgton, Maine
September 19, 2008

Howell Laboratories, Inc. announces the appointment of David Douglas as Director of Sales, Marine Products.

Douglas joins Howell from L-3 Communications, Henschel, Newburyport, Massachusetts, a producer of specialized navigation and communication systems for military surface and subsurface platforms. He had previously been Director of Fleet Services at ARINC Engineering Services, LLC , Annapolis, Maryland, an aviation technical services company.

In addition to having over 18 years experience in industry, Douglas spent from 1986 to 2002 as an active and reserve Naval officer in the Supply Corps retiring as a Commander. He served on FFG-8, NAFC, multiple MSC commands, NAVICP, MIUW and Staff commands.

Douglas is a graduate of Jacksonville University, Jacksonville, Florida with a B.S. in Mathematics.

Howell Laboratories, an employee owned company, is a leading supplier of specialized marine fluid processing machinery to the United States Navy and to Bath Iron Works and the other Navy building yards. Its Shively Labs division is North America's largest supplier of FM broadcast antennas, filters and combiners.
